PRESIDENT'S MESSAGE 2020

The 27th Council has completed its first year of office, and will be continuing another year to complete its term of office.

Work of the 27th Council (2019-2021)

2020 has been a challenging year since Covid-19 landed on our fair shores. The College has been very much at the forefront, helping our doctors manage the onslaught of the novel coronavirus. For many of us, we were reminded of SARS all those years ago; thankfully, this time the College and the primary care community were very much better prepared and coordinated.

With strong support from the Ministry of Health, the supply of personal protective equipment enabled our doctors in clinics across the island to provide much needed essential services at the front line. Our team of dedicated volunteers also rose to the challenge and have been involved in various committees and task forces. As we continue to learn more about the characteristics of the virus, we have had to refine how we manage our patients on a day-to-day basis.

There have been many developments and the College has been in the thick of them, representing the interests of the family physicians and GPs. All this could not have been achievable but for the leadership and volunteer spirit of our 27th Council, who have admirably stepped up to the plate and performed very well.

Membership

The membership of the College as of 31st March 2020 is 2534, increased from 2402 in 2019. We are heartened by the steady increase in membership over the years, giving us confidence to make better and stronger representation for the primary care community, and advocate our vision for the future of family medicine in Singapore.

15 new Fellows were admitted in 2019, taking the total number of Fellows to 195. There are now 668 qualified with MMed(FM), an additional 48. GDFM holders now stand at 1326, with 179 passing in 2019. The College will continue to train and support our family physicians in their training through our various programmes in family medicine.

Assets

College continues to be in good financial standing, giving us as an institution the security and confidence to continue the mission of our College. However, we must continue to remember that the College is a not-for-profit organisation and does not receive any government funding. Prudent financial management is key to preserving the resources the College needs to advance the cause and practice of family medicine.

Courses conducted

The GDFM, MMed(FM) College Programme and Fellowship of the College of Family Physicians Singapore (By Assessment)(FCFPS) are the 3 key courses we run for postgraduate family medicine, and they continue to do well. The curriculum and delivery of these programmes are being constantly reviewed and improved over the years. With the arrival of Covid-19 in January this year, the team worked furiously to implement distance learning by webinars, and this has been greeted with much enthusiasm. It has been an unmitigated success, with very large attendances for our events. Going forward we aim to improve and evolve the courses to better meet the needs of our trainees and members.

Partnerships

The 3 medical professional bodies (PBs), the College, the Singapore Medical Association and the Academy of Medicine Singapore, continue to work closely on various projects affecting healthcare in Singapore. In 2019, the 3 PBs were appointed members of the Review Workgroup for SMC disciplinary process and informed consent-taking standards. The workgroup met with all sectors of our healthcare fraternity, gathering feedback from over 30 townhall sessions and 1000 doctors. After 9 months of gestation, the long awaited report by the Review Workgroup was finalized and released in December 2019. The recommendations were wide ranging and its implementation is in the pipeline.

The College continues to have an excellent working relationship with the Ministry of Health. We work closely with the various divisions of the Ministry of Health (MOH), such as the Primary and Community Care Division, the Agency for Care Effectiveness and the Agency for Integrated Care, as well as the Singapore Medical Council, on various projects involving family medicine issues. This engagement has borne much fruit, as evidenced by programmes and policies that are now more primary care and GP-centric.

Our 27th Council Members have given much of themselves and worked tirelessly for you and the fraternity. Our academic faculty have served selflessly in our training programmes, we are proud and grateful for their commitment and dedication to teaching and mentoring. They are truly an inspiration!

Our very hard working and efficient Secretariat have also performed superlatively well over the past year, especially the extra work they've had to do to keep the College programmes going at this challenging time. We are indeed grateful for their dedication and are very proud of their efforts.

A special word of thanks to the Council, the Secretariat and all our members for the many contributions they have made for family medicine!

Adj Asst Prof Tan Tze Lee

Sreenivasan Orator 2019

The Sreenivasan Orator for 2019 was Professor Thomas Coffman, Dean, Duke-NUS Medical School.

Koh Eng Kheng Gold Medal

The Koh Eng Kheng Gold Medal was established under the kind donation of the late Dr Koh Eng Kheng's family. The Medal would be awarded to the Best Fellowship Candidate of each academic year.

The recipient of the Koh Eng Kheng Gold Medal for 2019 was Dr Chong Wern Siew Christopher.

CONTINUING PROFESSIONAL DEVELOPMENT / MEDICAL EDUCATION PROGRAMMES AND COURSES

The College promotes Continuing Professional Development (CPD) and Continuing Medical Education (CME) through the Family Medicine Modular Course, Family Practice Skills Course, MMed (Family Medicine) College Programme, Family Medicine Membership and Fellowship Programme.

The Institute of Family Medicine (IFM), an organ within the College, plays a significant role in developing the contents and syllabi of these programmes and courses.

The Covid-19 pandemic has resulted in much changes in the way the College functioned from February 2020 onwards. All the three College training programmes as well as the CPD activities had to be converted to an online based medium in face of the social distancing measures and the circuit breaker circumstances. This was successfully done and there were minimal disruptions to the administrative and operational processes.

During the year the IFM reviewed, updated and edited the notes as well as their e-learning components for Modules 8, 1, 2 and 3 of the Family Medicine Modular Course to make them more relevant and user-friendly to the course participants.

The Family Medicine Modular Course consists of 8 modules of knowledge acquisition and is a requirement for doctors who are preparing for the Graduate Diploma in Family Medicine (GDFM) Programme and the Master of Medicine (Family Medicine) College Programme. Each year, four modules are covered.

For the year April 2019 - March 2020, there were 222 trainees registered in the GDFM course, 36 trainees in the MMed(FM) College Programme and 18 trainees in the Fellowship [FCFP(S)] programme.

Family Practice Skills Course (FPSC)

During this financial year, the College conducted 8 Family Practice Skills Courses.

The components of a skills course may include one or more of the following:

1. Distance Learning with verification (6 CME points upon attaining minimum pass grade of 60% in online MCQ Assessment)
2. Seminars (2 CME points per seminar)
3. Workshops (1 CME point per workshop)
4. Small group activities including clinical attachments, tutorials, ward-rounds (for some courses)
5. Assessments which can be written, oral, demonstration and/or clinical (for some courses)

A typical FPSC template is a course with six units of distance learning with 30 MCQs test, conducted in two seminars, and also workshops conducted over two afternoon sessions typically, one on Saturday afternoon and one on Sunday afternoon.

E-Learning

The E-Learning programme has been incorporated into the GDFM training programme since 2003 consisting of therapeutic notes, case scenarios, assessment by MCQs and a case review.

Due to the Covid-19 situation, from February 20 onwards, the entire GDFM programme was conducted on-line including the workshops and the tutorials. The MMed(FM) and Fellowship programmes were also similarly switched to on-line teaching and training.

Accreditation of core CME points

The College is represented by Adj Asst Prof Tan Tze Lee in the Singapore Medical Council (SMC) CME Co-ordinating Committee. The College works closely with the SMC to ensure that the quality of the CME events is acceptable. It continues to advise SMC on the accreditation of core Family Medicine CME events through its panel of Family Medicine (FM) CME advisors appointed by the College.

GRADUATE DIPLOMA OF FAMILY MEDICINE (GDFM)

The Graduate Diploma in Family Medicine (GDFM) is a vocational training certification for primary care doctors. The aim of this 2-year part-time trainee programme is to train primary care doctors to practise Family Medicine at an enhanced level to meet the needs of the child, the adolescent, the adult and the elderly. The course emphasises on basic clinical, diagnostic and management skills essential to general practice.

The programme is planned to accommodate the busy doctor's schedule as almost all courses that require in-person attendance are conducted outside regular office hours. The course consists of the following:

- 8 modules of Family Medicine Modular Course (FMMC) with each comprising of 4 workshops, 1 tutorial, online case studies and multiple choice assessments
- 3 Practice Management Courses
- 3 Compulsory + 1 elective Family Practice Skills Course

The examination is conducted by Division of Graduate Medical Studies (DGMS), National University of Singapore (NUS). The standard set is a pass in all three segments:

- Written paper I - Applied Knowledge Test: 100 MCQ questions (2 hours)
- Written Paper II - Key Features Problems (KFP): 10 questions (1 hour)
- Skills Assessment in the Objective Structured Clinical Examination (OSCE) - 10 stations of 11 minutes each, comprising 3 minutes for reading and 8 minutes for assessment (2 hours)

MASTER OF MEDICINE (FAMILY MEDICINE) [MMed(FM)]

There are currently two programmes to prepare doctors for the MMed(FM) examinations.

Family Medicine Residency Programme

The Family Medicine Residency Programme aims to equip the resident with educational and clinical experiences in accordance with ACGME-I standards, which focuses on structured training and close supervision. The resident will undergo clinical rotations in the hospitals and polyclinics, call-back sessions and teaching sessions that combine foundation teaching, continuity clinics, skills workshops/ attachments and community medicine.

MMed(FM) College Programme

The programme is a structured training programme designed for mature practising family physicians in Singapore. The programme is jointly organised by the College of Family Physicians Singapore and the DGMS, NUS. This 1-year part-time course provides a comprehensive and structured training programme for doctors working in primary care who have completed the 8 modules of the Family Medicine Modular Course (FMMC) to prepare them to sit for the MMed(FM) examinations.

The course participants from both the Programmes sit for the same examination – namely, the MMed(FM) examination conducted by the DGMS, NUS.

This examination consists of:

- Written
 - 250 multiple-choice questions
- Clinical
 - Logbook-based viva assessment
 - Slides-based short answer questions

The IFM is encouraged by the big increase in the number of doctors enrolled in the GDFM modular courses year on year. The Family Practice Skills Courses also saw an increase in some of the courses.

The 8 Family Practice Skills Courses had attendances ranging from 148 to 546 in the seminars and 136 to 529 in the workshops; the number of doctors who did the CME reading and passed the MCQs ranged from 226 to 524.

We look forward to another year of serving our members.

Director, Institute of Family Medicine

REPORT OF THE FINANCE AND GOVERNANCE COMMITTEE

1 APRIL 2019 - 31 MARCH 2020

Chairman	: Dr Wong Tien Hua
Members	: Dr Xu Bang Yu : Dr Lim Ang Tee : Dr Lim Hui Ling
Ex-Officio	: Adj Asst Prof Tan Tze Lee : Dr S Suraj Kumar

Purpose

To provide guidance and oversight on financial and governance activities in the Secretariat and the various committees.

Duties and Responsibilities

- a) To review financial reports from the ED and Secretariat staff.
- b) To review budgets prepared by Secretariat staff and the various committees.
- c) To ensure regular and accurate monitoring and accountability for funds, and report to the Council on any financial irregularities and concerns.
- d) To make financial recommendations to the Council, and to provide feedback on any financial matter specifically designated by the Council.
- e) To oversee short and long-term investments of the College.
- f) To advise the ED and other appropriate staff on financial priorities and information systems, depending on committee member expertise.

Observations and Decisions by the Committee for the Financial Period under Review

The committee advised the secretariat on the fixed deposit placements in terms of the selection of the tenure and the financial institution. Fixed deposits were placed with:

- Bank of China
- CIMB
- HL Bank

The committee, upon reviewing the Governance Evaluation Checklist of the Charity Portal, refined the current procedures for handling Conflicts of Interest. The framework for Sponsorship of Overseas Travel was also refined. Both these documents were discussed and approved by the Council.

2019 was a fast and busy year for our editorial board members both at their own work and in College Mirror (CM). Despite their busy schedules, they have persevered and contributed to their issues. Work still has to take precedence and some of them had to scale back their commitment in order to focus better on the busy work ahead. It is with grateful hearts that we thank Adj Asst Prof Vincent Chan, Dr Irwin Chung, Dr Nicholas Foo and Dr Kelvin Phua for their past contributions to CM. At the same time, we are happy that Dr Michael Lim is able to step up as our team B editor, having assembled a strong and capable editorial team!

We would like to extend our deepest gratitude to Miss Patricia Cheok for her tireless work as CM executive, as well as our editors and their team members for the hard work!

REPORT OF THE ADMINISTRATION AND HUMAN RESOURCES COMMITTEE 1 APRIL 2019 - 31 MARCH 2020

Chairman	: Dr S Suraj Kumar
Members	: Dr Tham Tat Yean : Dr Pang Sze Kang Jonathan : Dr Tan Hsien Yung David
Ex-Officio	: Adj Asst Prof Tan Tze Lee : Dr Wong Tien Hua

Purpose of the committee

To provide guidance and oversight on administrative and human resource processes in the Secretariat and the various committees.

Report for the period under review

1. We are pleased to report that there were no staff resignations for the last financial year.
2. The medical education programmes and training activities undertaken by College remain strong and a core function. The Covid-19 pandemic has resulted in a drastic change in way the college has run all our three programmes since February 2019. Lessons and content were delivered on-line, with teaching and training still being very interactive. These changes have been well received by both trainers and trainees. College CME activities have also been conducted on-line with the running of several webinars.

The secretariat has adapted to these challenges very well including working from home during the circuit breaker period. The staff have been instrumental in ensuring that all on-line activities have been conducted smoothly with no disruption of the administrative and operational functions of the college

3. The committee will continue to look into how to enhance the efficiency of the Secretariat as the Covid-19 pandemic is likely to change the way we live, work and learn in the long term.

HONORARY TREASURER'S REPORT

1 APRIL 2019 - 31 MARCH 2020

Chairman : Dr Xu Bang Yu
Members : Adj Asst Prof Tan Tze Lee
Dr Lim Ang Tee
Dr S Suraj Kumar
Dr Pang Sze Kang Jonathan

In the financial year from 1 April 2019 to 31 March 2020, the Group derived its income mainly from course and seminar fees, sponsorships and subscriptions. The 3 items together accounted for 84.7% of its total income.

Fees from courses and seminars accounted for 71.4% of the total Group income, sponsorships accounted for 3.7% of the total income and subscriptions accounted for 9.6% of the total income.

In the financial year from 1 April 2019 to 31 March 2020, the Group's consolidated total income was \$3,439,824; the consolidated total expenditure for the same period was \$1,761,538. The consolidated net surplus for the financial year from 1 April 2019 to 31 March 2020 was \$1,678,286.

I am pleased to report that the Group continues to be on a firm financial standing for the financial year 1 April 2019 to 31 March 2020.

Dr Xu Bang Yu
Honorary Treasurer

AUDITOR'S REPORT

**COLLEGE OF FAMILY PHYSICIANS SINGAPORE
(REGISTERED IN SINGAPORE)
UEN NO. S71SS0039J**

**ANNUAL FINANCIAL STATEMENTS
FOR THE YEAR ENDED
31 MARCH 2020**

**COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY**

Statement By Management Committee

In our opinion, the accompanying financial statements of the College of Family Physicians Singapore (the "College") and its subsidiary company (collectively the "Group") are properly drawn up in accordance with the provisions of the Societies Act, Cap. 311, Charities Act, Cap. 37 and Financial Reporting Standards in Singapore so as to present fairly, in all material respects, the state of affairs of the Group and the College as at 31 March 2020 and the results, changes in funds of the Group and the College and cash flows of the Group for the financial year ended on that date.

The Management Committee has, on the date of this statement, authorised these financial statements for issue.

On behalf of the Management Committee,

Adj Asst Prof Tan Tze Lee
President

Dr Xu Bangyu
Honorary Treasurer

Singapore, 2 July 2020

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the College of Family Physicians Singapore (the "College") and its subsidiary company (collectively the "Group"), which comprise the statements of financial position (balance sheets) of the Group and of the College as at 31 March 2020, the statements of comprehensive income and statements of changes in funds of the Group and of the College, and consolidated statement of cash flows of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position, statement of comprehensive income and statement of changes in funds of the College are properly drawn up in accordance with the provisions of Societies Act, Cap. 311, the Charities Act, Cap. 37 and other relevant regulations (the "Charities Act and Regulations"), the Companies Act, Cap. 50 (collectively the "Acts") and Financial Reporting Standards in Singapore ("FRSs") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the College as at 31 March 2020 and of the consolidated financial performance, consolidated changes in funds and consolidated cash flows of the Group, and of the financial performance and changes in funds of the College for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information included in the Statement by Management Committee but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Management Committee for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Acts and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Continued

Responsibilities of Management and Management Committee for the Financial Statements (Continued)

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Management Committee's responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Management Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the regulations enacted under the Societies Act, the Charities Act and Regulations and the provisions of the Singapore Companies Act, Cap. 50 to be kept by the College and by its subsidiary company incorporated in Singapore of which we are the auditors have been properly kept.

During the financial year ended 31 March 2020, the College has not conducted any fund-raising appeal for which proper accounts and other records of fund-raising appeal are required to be maintained in accordance with regulation 6 of the Societies Regulations issued under the Societies Act.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE

AND ITS SUBSIDIARY COMPANY

NOTES TO THE FINANCIAL STATEMENTS - 31 March 2020

The following notes form an integral part of the financial statements.

1. GENERAL INFORMATION

The College of Family Physicians Singapore is a College registered in Singapore under the Societies Act, Cap. 311. It is also a charity registered under the Charities Act, Cap.37. Its registered office is located at 16 College Road #01-02 College of Medicine Building Singapore 169854.

The principal activity of the College is to provide education services for postgraduate study courses.

The principal activity of the subsidiary company is set out in note 12 to the financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

The financial statements are presented in Singapore dollars ("S\$"), which is also the functional currency of the Group.

These financial statements are prepared in accordance with the historical cost convention except as disclosed in the accounting policies below, and comply with Singapore Financial Reporting Standards (FRSs), including related Interpretations promulgated by the Accounting Standards Council.

During the financial year, the Group adopted all the applicable new/revised FRSs which are effective on or before 1 April 2019. Except for the adoption of FRS 116 Leases described below, the adoption of these Standards did not have any material effect on the financial performance or position of the Group.

2.1.1 Adoption of FRSs effective in 2020

The Group has adopted FRS 116 in accordance with the requirements of the Standard on its effective date on 1 April 2019.

Upon adoption of FRS 116, the Group applied a single recognition and measurement approach for all leases except for short-term leases and leases of low-value assets. The accounting policy beginning on and after 1 April 2019 is disclosed in note 2.17. The standard provides specific transition requirements and practical expedients, which have been applied by the Group.

The Group adopted FRS 116 on 1 April 2019 using the modified retrospective method of adoption. Under this method, leases were measured at present value of the remaining lease payments discounted using the incremental borrowing rate on the date of initial application. The associated right-of-use assets were measured at an amount equal to lease liabilities.

Leases previously accounted for as operating leases

The Group recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets. The right-of-use assets for the leases were recognised based on the carrying amount as if the standard had always been applied, using the incremental borrowing rate at the date of initial application. Lease liabilities were recognised based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.1 Basis of Preparation (continued)

2.1.1 Adoption of FRSs effective in 2020 (continued)

The Group also applied the available practical expedients wherein it:

- used a single discount rate to a portfolio of leases with reasonably similar characteristics;
- applied the short-term leases exemption to leases with lease term that ends within 12 months of the date of initial application;
- excluded the initial direct costs from the measurement of the right-of-use assets at the date of initial application; and
- used hindsight in determining the lease term where the contract contained options to extend or terminate the lease.

2.2 Significant Accounting Estimates and Judgements

Estimates, assumptions concerning the future and judgments are made in the preparation of the financial statements. They affect the application of the Group's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an ongoing basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

(A) Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the balance sheet date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(i) Depreciation on Property, Plant and Equipment and Investment Property

The cost of property, plant and equipment and investment property are depreciated on a straight line basis over their estimated useful lives. Management's estimates of the useful lives of these property, plant and equipment and investment property are disclosed in notes 2.8 and 2.9 respectively. Changes in the expected usage and technological developments could impact the economic useful lives and the residual values of these assets. Therefore, future depreciation charges could be revised. The carrying amount of property, plant and equipment and investment property and the depreciation charge for the year are disclosed in notes 9 and 10 to the financial statements respectively.

(ii) Income Taxes

Significant judgment is involved in determining the provision for income taxes. There are certain transactions and computations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognises liabilities for expected tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such differences will impact the income tax provision in the period in which such determination is made.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.2 Significant Accounting Estimates and Judgements (continued)

(A) Key Sources Of Estimation Uncertainty (continued)

(iii) *Expected Credit Losses On Receivables*

Expected Credit Losses (ECLs) are probability-weighted estimates of credit losses over the life of a financial instrument. In estimating ECLs to determine the probability of default of its debtors, the Group has used historical information, such as past credit loss experience. Where applicable, historical data are adjusted to reflect the effects of current conditions as well as management's assessment of future economic conditions based on observable market information, which involved significant estimates and judgement. Based on management's assessment, there are no ECLs on the Group's receivables at the balance sheet date.

(iv) *Impairment of Non-Financial Assets*

The carrying amounts of the Group's non-financial assets subject to impairment are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount is estimated based on the higher of the value in use and the asset's fair value less cost of disposal. Estimating the value in use requires critical judgment on the part of the management to make an estimate of the expected future cash flows from the continuing use of the assets and also to choose a suitable discount rate in order to calculate the present value of those cash flows, both of which require significant judgement.

(B) Critical Judgments Made In Applying Accounting Policies

In the process of applying the Group's accounting policies, there are no significant items in the financial statements which require the exercise of critical judgment on the part of the management.

2.3 FRSs issued but not yet effective

The Group has not applied any new FRS that has been issued as at the balance sheet date but is not yet effective.

The directors do not anticipate the adoption of the new FRS in future financial periods to have any material impact on the financial statements in the period of initial application.

2.4 Revenue Recognition

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, to which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or overtime. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.4 Revenue Recognition (continued)

(i) Course and seminar fees

Income from course and seminar fees (from continuing professional education and training) are recognised when the services are rendered.

(ii) Sponsorships

Income from sponsorships is recognised when received or when it becomes receivable and related performance obligations are fulfilled.

(iii) Subscriptions and entrance fees

Membership subscriptions are recognised as income over the membership term and entrance fees are recognised as income when they are due.

(iv) Advertising income

Advertising income is recognised when advertisements are placed and the related performance obligations are fulfilled.

(v) Rental income

Rental income from operating lease is recognised on a straight line basis over the lease period.

(vi) Interest income

Interest income is recognised in profit or loss on a time-proportion basis, using the effective interest method.

2.5 Government Grants

Government grants are recognised when there is reasonable assurance that the grant will be received and the conditions attached to the grant will be complied with. Grants related to income are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

2.6 Employee Benefits

(i) Defined Contribution Plans

The Group makes contributions to the state provident fund (Central Provident Fund). Such contributions are recognised as compensation expenses in the same period as the employment that gave rise to the contributions.

(ii) Short-term Compensated Absences

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for employee entitlements to annual leave as a result of services rendered by employees up to the balance sheet date.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.7 Income Taxes

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in profit or loss except to the extent that it relates to items recognised outside profit or loss (either in other comprehensive income or directly to accumulated fund), in which case, it is recognised in other comprehensive income or directly to accumulated fund accordingly.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred income tax is provided, using the balance sheet liability method, on all temporary differences at the balance sheet date arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Currently enacted tax rates are used in the determination of deferred income tax.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred income tax is provided on all taxable temporary differences arising on investment in subsidiary company except where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax is charged or credited to other comprehensive income or directly in accumulated fund if the tax relates to items that are credited or charged, in the same or a different period, to other comprehensive income or directly to accumulated fund.

2.8 Property, Plant and Equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any.

Any estimated costs of dismantling and removing the property, plant and equipment and reinstating the site to its original condition (reinstatement costs) are capitalised as part of the cost of the property, plant and equipment.

Depreciation is calculated on the straight line basis so as to write off the cost, less the residual value, of the assets over their estimated useful lives. The estimated useful lives are as follows:

Furniture, fittings and renovation	3 to 5 years
Computers and office equipment	3 to 5 years
Paintings and potteries	10 years

Fully depreciated assets are retained in the financial statements until they are no longer in use.

The residual values, useful lives and depreciation methods of property, plant and equipment are reviewed and adjusted as appropriate, at each financial year-end.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.8 Property, Plant and Equipment (continued)

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item, and shall be included in profit or loss when the item is derecognised.

2.9 Investment Property

Investment property, which is held on a long term basis for investment potential and rental income, is stated at cost less accumulated depreciation and any impairment loss, recognised in accordance with note 2.16 to the financial statements. Depreciation is calculated on the straight line basis so as to write off the cost, less residual value, of the assets over their estimated useful lives. The estimated useful life is as follows:

Leasehold property	50 years
--------------------	----------

The residual value, useful life and depreciation method of investment property are reviewed and adjusted as appropriate, at each financial year-end.

The cost of major renovations and improvements is capitalised as additions and the carrying amounts of replaced components are written off to profit or loss. The costs of maintenance, repairs and minor improvement are charged to profit or loss when incurred.

Upon the disposal of investment property, the difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss.

2.10 Financial Assets

Financial assets are recognised on the balance sheet when the Group becomes a contractual party to the contractual provisions of the financial instrument. Purchases and sales of investments are recognised on trade-date, that is, the date of which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

A. Classification

Financial assets are classified into the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVPL).

The basis of classification depends on the Group's business model and the contractual cash flow characteristics of the financial assets.

B. At initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial assets. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Receivables that do not have a significant financing component are measured at their transaction price at initial recognition.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.10 Financial Assets (continued)

C. At subsequent measurement

There are three prescribed subsequent measurement categories - at amortised cost, FVOCI and FVPL, depending on the Group's business model in managing the financial assets and the cash flow characteristics of the assets.

The Group's financial assets, comprising mainly of receivables, and cash and cash equivalents, are measured at amortised cost subsequent to initial recognition, as these are contractual cash flows which represent solely payments of principal and interest. A gain or loss on a financial asset that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets are recognised using the effective interest rate method.

D. Impairment of Financial Assets

The Group assesses on forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost, and recognises a loss allowance accordingly.

At each reporting date, the debt instruments are assessed to determine whether there is significant increase in credit risk on the debt instruments since initial recognition. If there is a significant increase in credit risk since initial recognition, lifetime expected credit losses will be calculated and recognised in the loss allowance. If credit risk on the debt instrument has not increased significantly since initial recognition, the loss allowance is measured based on 12-month expected credit losses. Adjustments to the loss allowance are recognised in profit or loss as an impairment gain or loss

For receivables, the Group applies the simplified approach permitted by FRS 109, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

2.11 Investment in Subsidiary Company

(i) Subsidiary and Basis of Consolidation

Investment in subsidiary company is held on a long term basis and stated in the Group's balance sheet at cost less impairment loss, if any.

Subsidiary is the entity over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary is consolidated from the date on which control is transferred to the Group, and continues to be consolidated until the date that such control ceases.

The consolidated financial statements comprise the financial statements of the College and its subsidiary company made up to the balance sheet date. The financial statements of the subsidiary company is prepared for the same reporting date as the College. Consistent accounting policies are applied for like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

COLLEGE OF FAMILY PHYSICIANS SINGAPORE
AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.11 Investment in Subsidiary Company (continued)

(ii) Acquisitions

The acquisition method of accounting is used to account for business combinations by the Group. The consideration transferred for the acquisition of a subsidiary or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes the fair value of any contingent consideration arrangement and the fair value of any pre-existing equity interest in the subsidiary.

Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. On an acquisition-by-acquisition basis, the Group recognises any non-controlling interest in the acquiree at the date of acquisition either at fair value or at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the net identifiable assets acquired is recorded as goodwill.

Any excess of the Group's interests in the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of business combination is recognised in profit or loss on the date of acquisition.

(iii) Disposals

When a change in the Group ownership interest in a subsidiary results in a loss of control over the subsidiary, the assets and liabilities of the subsidiary including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained earnings if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

2.12 Trade and Other Receivables

Trade and other receivables that do not have a significant financing component are measured at their transaction price at initial recognition, and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Receivables with a short duration are not discounted.

2.13 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand, cash at bank and fixed deposits which are subject to insignificant risks of changes in value. For the purpose of the statement of cash flows, fixed deposits with original maturities more than 3 months are excluded from cash and cash equivalents.

2.14 Funds

Accumulated fund is unrestricted fund available for use at the discretion of the Management Committee for the furtherance of the Group's objectives.

Miscellaneous funds are restricted funds which are designated for awards, fellowships, research support and projects of the Group. Currently, the Group has 6 miscellaneous funds, namely, Dr Koh Eng Kheng Award Fund, Primary Care Research Fund, Victor Louis Fernandez Fellowship Fund, Albert & Mary Lim Award Fund, Primary Care Conference Programme Fund and Primary Care Research Network Fund as disclosed in note 17 to the financial statements.

2.15 Financial liabilities

Financial liabilities include other payables and lease liabilities. Financial liabilities are recognised on the balance sheet when the Group becomes a party to the contractual provisions of the financial instrument.

Financial liabilities other than derivatives are recognised initially at fair value of consideration received less directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method. Financial liabilities with short duration are not discounted.

A financial liability is derecognised when the obligation under the liability is extinguished. For financial liabilities other than derivatives, gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process. Any gains or losses arising from changes in fair value of derivatives are recognised in profit or loss. Net gains or losses on derivatives include exchange differences.

2.16 Impairment of Non-Financial Assets

The carrying amounts of the Group's non-financial assets subject to impairment are reviewed at each balance sheet date to determine whether there is any indication of impairment. If such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's fair value less cost of disposal and its value in use. The value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life.

An impairment loss on a non-revalued asset is recognised in profit or loss. An impairment loss on a revalued asset is recognised in other comprehensive income to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same asset. An impairment loss (except for impairment loss on goodwill) is reversed if there has been a change in the estimates used to determine the recoverable amount or when there is an indication that the impairment loss recognised for the asset no longer exists or decreases. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had been recognised.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.17 Leases

These accounting policies are applied on and after the initial application date of FRS 116, 1 April 2019:

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

2.17.1 As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

(a) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in note 2.16.

(b) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

AND ITS SUBSIDIARY COMPANY

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.17 Leases (continued)

2.17.1 As lessee (continued)

(b) *Lease liabilities (continued)*

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g. changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group's lease liabilities are presented in note 19.

(c) *Short-term leases and leases of low-value assets*

The Group applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

2.17.2 As lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising from operating leases on the Group's investment property is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

2.17.3 Prior to 1 April 2019, the accounting policies applied to leases were as follows:

Operating leases

Leases whereby the lessor effectively retains substantially all the risks and benefits of ownership of the leased item are classified as operating leases. When the Group is the lessee, operating lease payments are recognised as an expense on a straight line basis over the lease term.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

2.18 Foreign Currency Transactions and Translation

Foreign currency transactions are recorded, on initial recognition, in the functional currency (Singapore dollars) by applying to the foreign currency amounts the rates of exchange prevailing on the transaction dates. Recorded monetary items that are denominated in foreign currencies as at balance sheet date are translated at the rates ruling on that date. Gain or losses on foreign currency translation are included in profit or loss. Non-monetary assets and liabilities that are measured in historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary assets and liabilities measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made.

2.20 Related Parties

A related party is defined as follows:

- (A) A person or a close member of that person's family is related to the reporting entity if that person:
- (i) Has control or joint control over the reporting entity;
 - (ii) Has significant influence over the reporting entity; or
 - (iii) Is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.
- (B) An entity is related to the reporting entity if any of the following conditions applies:
- (i) The entity and the reporting entity are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to each other).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party;
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the College or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.

The above operating leases do not provide for contingent rents.

25. FINANCIAL RISK MANAGEMENT

The Group and the College are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks are credit risk, liquidity risk and interest rate risk. The management reviews and agrees on policies for managing each of these risks and they are summarised below:

25.1 Credit risk

Credit risk is the potential risk of financial loss resulting from the failure of customers or other counterparties to settle their financial and contractual obligations to the Group as and when they fall due.

AND ITS SUBSIDIARY COMPANY**

25. FINANCIAL RISK MANAGEMENT (continued)

25.1 Credit risk (continued)

(i) *Risk Management*

The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets, including cash and cash equivalents, the Company mitigates credit risks by transacting with high credit rating counter parties and financial institutions which are regulated.

Management regularly monitors credit risk exposure to customers. Cash and cash equivalents are placed with financial institutions which are regulated.

At the balance sheet date, there is no significant concentration of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the balance sheet.

(ii) *Recognition of Expected Credit Losses (ECL)*

The Group's financial assets that are subject to credit losses where the expected credit loss model has been applied are trade receivables. The Group assesses on forward looking basis the expected credit losses on its trade receivables, and recognises a loss allowance in accordance with FRS 109.

Based on management's assessment, there is no significant ECL on the Group's receivables as at balance sheet date.

25.2 Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting financial obligations due to shortage of funds.

The Group monitors its liquidity risk and maintains a level of cash and cash equivalents deemed adequate to finance the Group's operations and to mitigate the effects of fluctuations in cash flows.

All financial liabilities of the Group and the College are repayable on demand or will mature within one year except lease liabilities.

The table below summarises the maturity profile of the lease liabilities as at the balance sheet date based on contractual undiscounted payments:

	<u>Within 1 year</u>	<u>More than 1 year but not than 5 years</u>	<u>Total</u>
	\$	\$	\$
<u>2020</u>			
Lease liabilities	<u>144,960</u>	<u>283,540</u>	<u>428,500</u>

25.3 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates.

25. FINANCIAL RISK MANAGEMENT (continued)

25.3 Interest rate risk (continued)

The Group does not have any interest-bearing financial liabilities. Its only exposure to changes in interest rates relates to interest-earning fixed deposits. The Group monitors the movements in interest rates to ensure deposits are placed with financial institutions offering optimal rates of return.

The interest rates and terms of maturity of financial assets of the Group are disclosed in note 16 to the financial statements.

26. FUND MANAGEMENT

The primary objective of the Group's fund management policy is to ensure that it maintains strong and healthy capital ratios in order to support its operations and future growth.

The Group targets to maintain an optimum level of accumulated fund. The Group regularly reviews and manages its reserves to ensure optimal capital structure, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected income, projected operating cash flows and projected capital expenditures.

The Group is not subject to externally imposed capital requirements.

There were no changes to the Group's approach to fund management since the previous financial year.

27. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

(a) The Group categories fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used, as follows:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - valuation techniques using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs)

(b) Fair Value of Non-Financial Assets

The Group does not apply fair value accounting in the measurement of its non-financial assets. The fair value of investment properties disclosed in note 10 represents recurring fair value measurement under hierarchy level 3.

(c) Fair Value of Financial Instruments

Financial Instruments Not Carried at Fair Value

The carrying amounts of cash and cash equivalents, receivables and payables classified as current assets and current liabilities, which are measured on the amortised cost basis, approximate their fair values due to their short term nature.

It is not practicable to determine with sufficient reliability the fair value of the interest-free amount owing by the subsidiary company to the College which is classified as non-current receivable. This amount is not expected to be received within the short term but does not have an agreed specified period of repayment. Accordingly, this amount is carried at original cost.

AND ITS SUBSIDIARY COMPANY

27. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES (continued)

(d) Transfer between Levels of Fair Value Hierarchy

There were no assets or liabilities transferred between Level 1 and Level 2 or transfers into or out of Level 3. The Company's policy is to recognise transfer (if any) between levels of fair value hierarchy at the end of the reporting period during which they occur.

(e) Financial Instruments by Category

The aggregate carrying amounts of financial instruments classified by category, as specified in FRS 109 are as follows:

	<u>Group</u>		<u>College</u>	
	<u>2020</u>	<u>2019</u>	<u>2020</u>	<u>2019</u>
	\$	\$	\$	\$
Financial assets at amortised cost	12,668,887	10,848,906	16,780,940	15,098,152
Financial liabilities at amortised cost	627,769	539,469	576,558	208,907

28. SUBSEQUENT EVENT

Subsequent to the outbreak of Corona Virus Disease 2019 ("COVID-19 outbreak") in early 2020, a series of measures to curb COVID-19 outbreak have been and continues to be implemented in Singapore.

The Management Committee is closely monitoring the development of COVID-19 outbreak and its related impact on the Group's and College's business. As of the date of these financial statements, the Management Committee is still in the process of assessing the impact of these measures and is currently unable to estimate the financial impact on the Group's and College's results for the year ending 31 March 2021.

29. AUTHORISATION OF FINANCIAL STATEMENTS

The consolidated financial statements of the Group and the financial statements of the College for the year ended 31 March 2020 were authorised for issue by the Management Committee on 2 July 2020.

HERALDRY OF THE COLLEGE

The upper portion of the badge of the College consists of a golden lion in a passant stance superimposed on the chief which is red in colour.

The lion represents our nation of Singapore. Red is the colour of blood which is the precious liquid on which life depends and which is our mission to save.

The lower portion of the badge consists of a green cross superimposed on a white shield. The green cross symbolizes the humanitarian mission of our College. White is the colour of purity which is our aim.

On the green cross is superimposed an open book and a caduceus. The open book represents knowledge and continued learning and the caduceus is the recognized symbol for the art of healing.
